Senior QA Engineer & Certified Test Automation Expert | Elevating Software Quality with Advanced Techniques & Strategic Innovation | At*SQA Test Automation Engineer Advanced Exam - Passed
Chicago, Illinois, United States

Summary

Who I Am: A dedicated and experienced QA Engineer with a strong 7-year background in software testing and automation. I'm based in Chicago, Illinois, and am authorized to work in the US for any employer.

Professional Journey: I've honed my skills in a range of environments, most recently as a Sr. QA Engineer at MHC in Burnsville, Minnesota. My expertise lies in Java, API, and SQL, among other technologies.

My Approach: I thrive on challenges and focus on identifying and resolving software issues effectively. My approach blends technical proficiency with a strong emphasis on collaborative problem-solving and continuous improvement.

Skills & Expertise:

- Programming Languages: Java, JavaScript, , SQL, MySQL,
- Tools & Technologies: Selenium, Postman, CI/CD, AWS, Jenkins, Jira, Node.js, .Net, REST API, JSON, Cypress, APPIUM, TestNG, Playwright, Cucumber, Angular/React
- Methodologies: Agile, Scrum

Goal: I am passionate about driving quality and efficiency in software development and am always eager to explore new opportunities and challenges in this dynamic field.

Connect With Me: Feel free to reach out for collaborations, opportunities, or just a chat about the latest in software quality assurance. [LinkedIn](<https://www.linkedin.com/in/aisalkyn-aidarova>) | [GitHub](<https://github.com>)
